International Maritime Organization Class No. Not listed

UN No. Not applicable

Commodity Name Pro-Clean

Characteristics of Cargo Clear green liquid with a slight citrus odor

Nature of Hazard Skin and eye irritant

Protective Devices Protective gloves and safety glasses

Emergency Action No action required.

Emergency Telephone No. 1-813-248-0585 (Chem-Tel International Emergency Response)

Spillage Dike liquid to prevent spread of liquid. Absorb liquid with sand, clay or other inert absorbent. Scoop up spilled material and transfer to a suitable container.

Fire Small vehicle fires maybe handled with a dry chemical or CO2 fire extinguisher. For large fires, use water spray or fog. Move containers from the fire area if it is possible to do so without personal risk.

First Aid Wash exposed skin with soap and water. In case of eye contact, flush eyes with copious amounts of fresh water for 15 minutes. If irritation persists, get medical attention.
