International Maritime Organization Class No. 3

UN No. UN1133

Commodity Name: PRO-TITE Thread Sealant

Characteristics of Cargo: Blue-grey paste with an alcohol odor (Limited Quantity)

Nature of Hazard: Highly Flammable: May be easily ignited by sparks or flames.

Vapors may form explosive mixtures with air.

Vapors may travel to source of ignition and flash back.

Vapors are heavier than air. They may spread along ground and collect in low or confined areas (sewers, basements, holding tanks)

Vapor explosion hazard indoors, outdoors or in sewers.

Runoff to sewer may create fire or explosion hazard.

Containers may explode when heated.

Protective devices: Safety glasses or chemical splash goggles. Latex, neoprene or nitrile gloves. Air purifying respirator or self contained breathing apparatus (operated in pressure-demand mode). Eyewash bottle with clean water.

Emergency Action: EAC-3X

Avoid contact with skin or eyes. Avoid touching or walking through spilled material. Eliminate all sources of ignition in the immediate area. A vapor-suppressing foam may be used to reduce vapors. Don respiratory protective device and keep out of the danger area. If the material has entered a water course or sewer, inform police.

Fire: This product flammable. Do not attempt to deal with any fire involving the load. Move containers from the fire area if it is possible to do so without personal risk.

Emergency Telephone No.: +1-813-248-0585 (Chem-Tel International Emergency Response)

Spillage: Use clean, non-sparking tools. Absorb spilled material with an inert absorbent (sand, clay, "vermiculite, etc.) Scoop up absorbed material and transfer to a fireproof container.

First Aid: Remove and isolate contaminated clothing and shoes. Wash exposed skin with soap and water. In case of eye contact, flush eyes with copious amounts of fresh water for 15 minutes. If irritation persists, get medical attention. For inhalation, remove the victim to fresh air. If breathing does not return to normal within fifteen minutes, get medical attention.
